

Policy on Animals in United in Faith's Buildings

This policy pertains to the presence of animals in United in Faith's buildings. This includes the East Building (Worship Center) at 6525 W. Irving Park Road, Chicago, IL and the West Build at 6535 W. Irving Park Road, Chicago, IL.

Animals are not allowed in either the West Building of United in Faith or in the East Building of United in Faith, except for certified service dogs.

If there is a service for the Blessing of Animals, it will be held outside.

The most critical reasons for this policy follow:

1. Since animals can not control their bladder or colon, they may leave behind urine or feces, both of which can develop into health hazards that are unsanitary and are most disagreeable to contend with.
 2. There are people who are either allergic to dogs or afraid of dogs.
